Funding Sources (tax incentives, grants, programs)

- Oregon SHPO:
 - **Federal Tax Credit Program** (http://egov.oregon.gov/OPRD/HCD/SHPO/tax_federal.shtml)
 - Since 1976, the federal government has offered an income tax credit as an incentive for rehabilitating historic buildings. **This tax credit program is administered in Oregon by the State Historic Preservation Office (SHPO) in conjunction with the National Park Service (NPS)** in Washington, D.C., which makes the final decisions on project eligibility. To date, the program has stimulated more than 150 successful projects in Oregon with a total investment of over \$530 million.
 - **Historic Property Tax Incentives** (http://egov.oregon.gov/OPRD/HCD/SHPO/tax_assessment.shtml)
 - Oregon's Special Assessment of Historic Properties program offers a **15-year "freeze" of a property's assessed value for buildings that will be significantly but appropriately rehabilitated and maintained**. Applications are accepted year-round. Dating from 1973, this program is the oldest of its kind in the country.
 - **Heritage Programs Grants** (<http://egov.oregon.gov/OPRD/HCD/grants.shtml>)
 - The Heritage Programs Division offers grants for various types of historic preservation and heritage-related projects. All are matching grant programs (usually 50/50 match). The five categories of grants are as follows:
 - Preserving Oregon Grants
 - Certified Local Government (CLG) Grants
 - Historic Cemetery Grants
 - Heritage Grants
 - Museum Grants
- **Historic Preservation League of Oregon Preservation Easement Program:**
 - A donation of a preservation easement to the **HPLO may reduce the amount of property taxes assessed on an historic property and it may yield a sizable tax deduction for income tax purposes**. But, most importantly, a preservation easement will protect the historic integrity of the property in perpetuity. (<http://www.hplo.org/Programs%20and%20Services/easement.htm>)
